###

The Florida Commission on Offender Review (FCOR), is a constitutionally authorized, quasi-judicial, decision-making body which has been serving the citizens of this state since 1941. The Commission holds offenders accountable for their behaviors and ensures public safety through its careful selection of offenders for re-entry into society by administering parole, conditional medical release, control release, conditional release, and addiction recovery release supervision. The Commission also acts as the investigative arm of the Governor and Cabinet, sitting as the Board of Executive Clemency in clemency matters. The Commission's mission is to ensure public safety and provide victim assistance through the post prison release process.
