REPORT OVERVIEW

Introduction

Pursuant to Rule 18, Rules of Executive Clemency, the Office of Executive Clemency, the Florida Commission on Offender Review, and the Florida Department of Corrections are directed to provide annually, beginning July 1, 2011, and each year thereafter, a report on the status of individuals whose rights were restored for the previous two calendar years, including recidivism statistics and evaluative data.

Rule 18 states:

“18. Collection of Statistics and Evaluation of Clemency Action

The Office of Executive Clemency, in conjunction with the Florida Commission on Offender Review and Department of Corrections, shall collect and submit to the Clemency Board an annual written report providing statistics and evaluations regarding the status of those individuals whose rights were restored during the previous two calendar years. The first report shall be filed on July 1, 2011.”¹

This report provides data on the number of individuals whose civil rights were restored during calendar years 2016 and 2017, along with data indicating the number and percentage of these individuals that have reoffended by committing a new felony conviction subsequent to the date their civil rights were granted by the Clemency Board.

Methodology

TABLE I

All individuals whose civil rights were granted during the reporting period were identified in the Florida Commission on Offender Review’s Management of Application for Clemency (MAC) database and are included in this report.

TABLE II

The definition of “reoffend” for this table is any individual who has been convicted of a new felony offense and has returned to the custody of the Florida Department of Corrections (FDC), the Federal Bureau of Prisons, a Florida county jail, or another out-of-state entity, subsequent to the date their civil rights were granted by the Clemency Board.

All individuals whose civil rights were granted during the reporting period were reviewed by Commission staff to determine if any new felony convictions occurred subsequent to the date an individual’s civil rights were granted. Criminal histories for each individual were reviewed by running queries in three criminal justice databases between June 1-18, 2018. The databases utilized were the Florida Crime Information Center/ National Crime Information Center (FCIC/NCIC), the Corrections Data Center (CDC), and the Comprehensive Case Information System (CCIS).

TABLE III

The definition of “reoffend” for this table is any individual who has returned to the custody of the Florida Department of Corrections (FDC) subsequent to the date their civil rights were granted by the Clemency Board.

All individuals whose civil rights were granted during the reporting period and are identified by a FDC Number in the MAC database were cross-referenced against the FDC database on June 4, 2018. Some individuals in the MAC database do not have an FDC Number if they only had an out-of-state or federal felony conviction, or a felony conviction which resulted in service of a county jail sentence.
